Outrage at teacher's actions

It was not surprising that internet users were outraged at a story about a teacher lifting a small child by the ears "just for fun".

I was angry, too. Was the woman crazy or had she been sick? I feel sad for the children who were in her "care". Will they now be afraid of teachers forever?

When I was small, a teacher hit me. I became afraid of that teacher and I was very insecure.

Parents need to keep an eye on their children at school and talk to them more often, and principals should monitor the behaviour of teachers.

Thankfully, such incidents don't happen often.
